1	<div>▣ Preliminary</div>	7d		03/22/16	03/31/16		100%	Complete	<div></div>																																									
2	Project Part 1 : Team Organization	0	1	03/22/16	03/22/16	Susan R.	100%	Complete	<div>◆ Susan R.</div>																																									
3	Project Part 2 : Iceberg Chart and WBS	0	1	03/22/16	03/22/16	Susan R.	100%	Complete	<div>◆ Susan R.</div>																																									
4	GIT Accounts Created	1d	3	03/23/16	03/23/16	Susan R.	100%	Complete	<div><div>Susan R.</div></div>																																									
5	Sign off on individual responsibilities	0	1	03/24/16	03/24/16	Susan R.	100%	Complete	<div>◆ Susan R.</div>																																									
6	Project Part 3 : Detailed Project Plan	0	1	03/24/16	03/24/16	Susan R.	100%	Complete	<div>◆ Susan R.</div>																																									
7	Agree on detailed design	1d	1	03/26/16	03/26/16	Susan R.	100%	Complete	<div><div>Susan R.</div></div>																																									
8	Project Part 4 : Detailed Design	0	2	03/31/16	03/31/16	Susan R.	100%	Complete	<div>◆ Susan R.</div>																																									
9	<div>▣ Class Creation</div>	4d		03/23/16	03/28/16		100%	Complete	<div></div>																																									
10	Main class created	2d	3	03/25/16	03/28/16	Susan R.	100%	Complete	<div><div>Susan R.</div></div>																																									
11	Book classes created	4d	7	03/23/16	03/28/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
12	Patron classes created	4d	2	03/23/16	03/28/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
13	Patron File Template Created	2d	3	03/25/16	03/28/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
14	Book File Template Created	2d	2	03/25/16	03/28/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
15	<div>▣ Reading Data</div>	4d		03/29/16	04/01/16		100%	Complete	<div></div>																																									
16	Patrons read in from local file	2d	3	03/29/16	03/30/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
17	Library class created	2d	6	03/29/16	03/30/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
18	Book data read from local file	2d	2	03/29/16	03/30/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
19	QA file read	2d	1	03/31/16	04/01/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
20	<div>▣ Patron-Book interaction</div>	5d		03/31/16	04/06/16		100%		<div></div>																																									
21	Patrons can check out books according to patron-book rules	3d	2	03/31/16	04/04/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
22	Patrons can check in books	3d	2	03/31/16	04/04/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
23	QA Patron-Book Interaction	2d	2	04/05/16	04/06/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
24	<div>▣ List Functions</div>	5d		03/31/16	04/06/16		100%	Complete	<div></div>																																									
25	List library of books and check out status	3d	2	03/31/16	04/04/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
26	List overdue books	3d	2	03/31/16	04/04/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
27	List checked out books by patron	3d	2	03/31/16	04/04/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
28	List QA	2d	2	04/05/16	04/06/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
29	<div>▣ Time Function</div>	5d		04/05/16	04/11/16		100%	Complete	<div></div>																																									
30	Ability to advance current time by one day	3d	1	04/05/16	04/07/16	Chris M.	100%	Complete	<div><div>Chris M.</div></div>																																									
31	Time Function QA	2d	2	04/08/16	04/11/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
32	<div>▣ User Interface</div>	5d		04/05/16	04/11/16		100%	Complete	<div></div>																																									
33	User Interface created	3d	1	04/05/16	04/07/16	Cameron B.	100%	Complete	<div><div>Cameron B.</div></div>																																									
34	User Interface QA	2d	1	04/08/16	04/11/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
35	<div>▣ Final Testing</div>	5d		04/05/16	04/11/16		100%	Complete	<div></div>																																									
36	Project Part 5 : Test Plan	0	1	04/05/16	04/05/16	Jon D.	100%	Complete	<div>◆ Jon D.</div>																																									
37	Final QA	2d	3	04/08/16	04/11/16	Jon D.	100%	Complete	<div><div>Jon D.</div></div>																																									
38	<div>▣ Delivery</div>	10d		04/12/16	04/26/16				<div></div>																																									
39	Project Part 6 : Final Software Delivery	0		04/12/16	04/12/16	Susan R.		On Track	<div>◆ Susan R.</div>																																									
40	Class Presentation	0		04/14/16	04/14/16	Team			<div>◆ Team</div>																																									
41	Project Part 7 : Presentation and Peer Review	0		04/26/16	04/26/16	Team			<div>◆ Team</div>
